### IF YOU ARE CONSCIOUS OF FAILING STRENGTH AND ENERGY THIS MONTH MAKE USE OF PAINE'S CELERY COMPOUND

No Other Medicine Can Guarantee Such Happy Results.

Men and women, young and old, of every rank in life, freely admit that they are more conscious of overtaxed nervous strength in the hot weather than at any other season.

When such a condition is experienced, Paine's Celery Compound affords advantages and results that no other remedy can offer with honesty. It vigorously cleanses the blood and regulates the tardy circulation. It strengthens and encourages the kidneys and enables them to filter from the blood all waste and morbid matters; it secures strong, firm nerves, gives sweet and natural sleep to the nerve-tired and brain-weary. In a word, Paine's Celery Compound is a true summer life giver and health builder. Mr. E. M. Stephenson, of the American Baptist Publication society, 177 Wash. avenue, Chicago, Ill., says:

"I used Paine's Celery Compound for an acute attack of nervous prostration at a time when I had a large number of engagements ahead. I took it according to directions, and kept on till two bottles had been used. All trembling, throbbing, and vertigo disappeared the first week. I kept on with my engagements after that week and gained all the time. From the start my appetite improved, and I assimilated my food and increased in weight. The Compound strengthened my voice also, preventing weariness in speaking and singing. A very noticeable effect was the strengthening of the eyes, making it easy to read on the trains."
